EVALUATION

This form is used for the purpose of program evaluation of the patients quit smoking status.

Successful Quit: PIN 93899944

- The successful quit PIN is claimed when a patient indicates at any time during the program that he or she has successfully quit smoking. Once the PIN is claimed, no further meetings are scheduled or billable.

Unsuccessful Quit: PIN 93899945

- The unsuccessful quit PIN is claimed when a patient indicates at any time during the program that he or she has not succeeded in quitting smoking. Once the PIN is claimed, no further meetings are scheduled.
- The pharmacist should inform patients who withdraw from the program of their eligibility to re-enroll at a later date (one year from the date of their first consultation with the pharmacist).

Unknown Status / Program Withdrawal: PIN 93899946

- The unknown status PIN is claimed when a patient cannot be reached to continue with his/her program or when a patient withdraws from the program without indicating their success in quitting smoking.
